SUMMARY

Passionate and self-motivated web developer with extensive freelance experience creating dynamic, user-friendly websites and applications. Skilled in **HTML**, **CSS**, **PHP**, **MySQL**, **React**, **Svelte**, **NextJS** with a strong background in WordPress development. Proven ability to build functional, responsive web solutions tailored to clients' needs, including custom tools like rota schedulers. Looking to leverage my skills and experience in a full-time web developer role.

EXPERIENCE

Freelance Web Developer

Self-Employed   📅 03/2020

Company Description

- **WordPress & Custom Plugin Development**: Created custom WordPress websites with custom themes and plugins.**Rota Scheduler for LPM Restaurant**: Developed a **custom rota scheduling system** using **PHP, MySQL**, and **JS**, enabling restaurant managers to create and manage employee shifts efficiently. The system reduced scheduling errors and saved managers up to 5 hours per week.
- **React Development**: Built several interactive web applications using **React**, incorporating state management with **React Hooks** and **Redux** for complex state needs. Focused on building responsive, dynamic user interfaces with high performance.
- **Svelte Development**: Designed and built **lightweight web applications** using **Svelte**, optimized for performance and quick load times. Focused on creating highly responsive user interfaces with minimal JavaScript, reducing page load times and improving overall user experience.

EDUCATION

Bachelor of Science in Information Systems and Technologies

The Siberian State University of Geosystems and Technologies
